

**Department of Biochemistry
& Molecular Biology**

SEMINAR

Presents

**“Small Angle X-ray Scattering as a
Complementary Tool in the Structural Biology
Laboratory: A case study with tRNA synthetase”**

Presented by

Edward Snell, Ph.D.
Assistant Professor
Department of Structural Biology
SUNY Buffalo
Senior Scientist
Hauptman-Woodward Medical Research Institute
Buffalo, NY

**2.212 Basic Science Auditorium
March 3, 2011
4:00 p.m.**

ALL INTERESTED PERSONS WELCOME

Working together to work wonders.
